

Dear Sailing Club Members and Friends,

We are sorry to tell you that we have decided to cancel this year's Annual Meeting at the Delta Hotel in Basking Ridge on March 21st. It was a very tough decision, but we felt it was necessary given the increasing threat of the coronavirus in New Jersey and the need to keep our families and communities safe.

The Board will be exploring alternatives to sharing the Trip Presentations, if possible, and the election results. We will let you know what might be possible. However, your check for the meeting will be voided and destroyed.

On-Land Training and CPR/First Aid Training will be re-scheduled to sometime later in the year, once it's possible to do so. In addition, On-Water Training, originally planned for late April, may be offered over the summer. We are currently staying with our plans for the rest of our trips, but realize that the situation can change very rapidly, and will not hesitate to alter these plans as conditions warrant.

The Trip Information Package and updated website will be made available on March 21st, as originally planned.

Please do not hesitate to reach out with any questions or concerns, and thank you for your understanding.

Sincerely,

The Sailing Club Board  
March 11, 2020
